## 6<sup>th</sup> International Conference on "Quality Education for all"

14th-16th Sept 2015

18 years ALPAKS - Play - learn - innovate - grow

Our philosophy at ALPAKS simply states, Kids play to learn, and in the process they learn to innovate and they innovate to grow.

This guiding idea is at the heart of our company philosophy since inception. We have come a long way from a small time manufacturer of artificial clay called "magic mould" in Hyderabad to a global company supplying to more than 8000 schools across the globe with more than 1000 products in the product line.

Our success story would have never been written without our long term and loyal customers, educational institutions, researchers, toy designers, policy makers and teachers who have been honest critics. Also the participants of 5 International Workshops, 4 National Workshops and umpteen number of teacher's workshops (for hands on experience with educational materials) has been a source of inspiration.

Also our regular participation in various trade fairs has increased our relationship with people alike both nationally and internationally.

Now, we wish YOU to enjoy an inspiring journey through our 6th International Conference on "Quality Education for all" from 14th to 16th Sept 2015, in Hyderabad, India.

We invite you to "Involve to Evolve".

In the cause of education,

Reviews from Participants:

3 days workshop was very Informative & Educative. The experience can be transformed to develop the kid's growth

Ms. Surekha Mandhania  
New Jersey  
USA

Very informative, should have more of such workshops with different topics related to Pre-Primary level

Ms. Sujata Mittal  
Walsingham House  
School, Mumbai

This workshop needs no comments as it was running smoothly accordingly with highly qualified personalities

Ms. Asma Khatoon
